

The Didsbury Pioneer

VOL. 58, NO. 35

DIDSBURY, ALBERTA, THURSDAY, SEPTEMBER 10, 1959

\$3.00 A Year; 10 Per Copy

Nomination Day, Sept. 23rd For Mayor; Two Councillors

A regular meeting of the town council was held in the council chambers Tuesday evening and it was decided that a new roof would be placed on the Memorial Arena. An Edmonton construction firm will do the work and the new ceiling will be guaranteed for seven years against everything other than hail. Work on the project is expected to start this month.

Building permits were granted to the following: C. Ness, shop extension; G. Bryan, chicken house; H. Lynch-Staunton, office; Shell Oil, bulk oil plant.

Some members of the council will attend the convention of cities and towns in Calgary in late October.

Licenses for trailers in the town will be based on the size of the trailer, based on make, length and width. This license applies only in the case where the trailer is being used as a permanent residence.

This time around September 23, will be used as nomination day for The Town of Didsbury. Nominations will be open for the office of mayor, and two councillors.

The mayor has finished his term and the retiring councillors are Mr. C. E. Reiber and Mr. L. Dickau.

Subscription Note:

A red line under your name means your subscription is overdue.

A blue line means your subscription is coming due next month.

Please pay out of town subscriptions by money order.

MOUNTAIN VIEW

(From Our Own Correspondent)

A family gathering was held Sunday, August 30 at Westward Ho when approximately 60 sons, daughters and grandchildren of Mr. W. H. Snyder, were assembled. Among those present were: Mr. and Mrs. Jack Gregory and sons of Victoria, B.C.; Rev. and Mrs. Oscar Snyder of Sundre, Mr. and Mrs. Dale Fox and family of Acme, Mr. and Mrs. Lloyd Snyder and family, Mr. and Mrs. Stanley Kelley and son of Castairs, Mrs. Alton Snyder and son of Calgary, Mr. and Mrs. Alfred Snyder and family, Mr. and Mrs. Eric Gooding and family, Mr. and Mrs. John Snyder and family, Mr. and Mrs. Charles Snyder and family, Mr. and Mrs. Charles Brado and family, all of Didsbury. Miss Connie Paik, daughter of Mr. and Mrs. Leonard Paik left on Friday for St. John, Que. where she has enlisted in the women's division of the Royal Canadian Air Force.

Mr. and Mrs. George Brown and Mitch of Port Macleod visited for a few days last week at the home of Mr. and Mrs. Charles Snyder and family.

Mr. and Mrs. Doug Gooding, Mr. and Mrs. Charles Snyder and Mr. and Mrs. Glen Roberts were Friday evening guests at a lovely buffet supper at the home of Mr. and Mrs. Ken Goddard of Oida.

Get-well wishes are extended to Norman Pratt, son of Mr. and Mrs. David Pratt, who underwent surgery at the Red Cross, Crapplied Children's Hospital in Calgary. Mr. and Mrs. Jack Gregory and sons returned last Monday by plane to their home in Victoria, B.C., following a two-week visit with relatives and friends in this province.

SPRINGSIDE NOTES

(From Our Own Correspondent)

The last meeting of the Ladies Group was held at the home of Mrs. Ann Chamberlain at which Mrs. C. Roth won the contest prize and Mrs. A. Horn won the hostess prize. Next meeting will be held at the home of Mrs. Ada Collinge.

Mr. and Mrs. George Collinge and daughter of Edmonton, were weekend visitors at the Wm. Collinge home.

Mrs. Madeline Rodney, Judy and Doug, Diana Godsee, Brian Connor and Eddie Shannon were Monday afternoon visitors at the Wm. Morton home.

Former High School Student Wins Scholarship

A Didsbury High School graduate, Melvin Stauffer, son of Mr. and Mrs. Wayne Stauffer, who is in his final year of Honors Geology, University of Alberta has recently been awarded a very valuable scholarship, presented by the Mobil Oil Company. This scholarship, worth approximately \$500, was awarded for outstanding work in the field of Geology at the University of Alberta. Congratulations, Melvin!

WEST NOTES

(From Our Own Correspondent)

Mr. and Mrs. R. Russell of Sundre and Mr. and Mrs. M. Russell of Didsbury visited with Mrs. C. Russell on Sunday.

Mr. and Mrs. Les Evans visited with Mr. and Mrs. I. Scott on Sunday afternoon.

Mr. and Mrs. L. Krebs were dinner guests of Mr. and Mrs. Arnold McCollough, east of town, on Sunday.

Mr. and Mrs. L. Russell and family of Calgary spent the weekend visiting relatives in the district.

Sympathy is extended to Mr. Earl Lewis in the sudden death of his father.

Mr. and Mrs. Arnold Hogg and family visited with the latter's parents, Mr. and Mrs. C. Wilson west of Cremona, on Sunday.

Mr. and Mrs. Carruthers and family of Calgary, who recently purchased the G. Belfus farm, are being welcomed to the district.

The sympathy of the district goes to Mrs. C. Russell and family in their recent bereavement.

Mr. and Mrs. R. Blain of B.C. were recent visitors with relatives here but the altitude affected the latter and they couldn't visit as much as they would have liked.

Old-Timer Laid To Rest

An old-timer of the Didsbury district, Elmer Carl Russell, aged 72 years, passed away in the Didsbury hospital on Monday.

Born in Milton, Iowa, he came to this district in 1910. He is survived by his wife, Averil, three daughters, Mrs. Albert Krebs and Mrs. Lucille Crosby, both of Didsbury, and Mrs. William Claze of Pascher Creek; two sons, Mervyn of Didsbury and Royden of Sundre; two sisters, Mrs. "Pammy" Plank and Mrs. Mildred Plank, both of Iowa; and four brothers, Reid, Paul and William, all of Oklahoma, and George of Washington, D.C.

Services were held at the West-end United Church on Wednesday, at 2:30 p.m., with Rev. A. W. Magee officiating. Interment took place in the West-end Cemetery. The Didsbury branch of Gooder Bros. Funeral Home were in charge of arrangements.

1959-60 School Term Underway

The Didsbury school opened on time, Tuesday, September 1st, with a full complement of teachers as follows:

Elementary School
Miss M. Steckly, Miss H. Brown, Miss C. Sprague, Mrs. I. Brown, Mrs. M. Oke, Mrs. H. Dawson, Mrs. M. Clayton, Miss B. Fasse, Miss I. Harder and Mrs. Ruth Anderson, vice-principal.
Junior and Senior High School
Mrs. E. Konechuh, Mrs. H. Youngs, Mrs. G. Bania, Mrs. G. Kennedy, Miss Pat Halliday, Mr. R. Scarlett, Miss E. Olson, Mr. H. Stiles, Mr. C. Sorenson, Mr. W. Stauffer, vice-principal; Mr. E. Wierma, principal; Mrs. H. Lynch-Staunton, Mrs. H. Eubank, Mrs. H. Economics; Mr. C. Hildebrandt, Industrial Arts and General Mechanics.

The number of beginners was approximately ten more than was shown by the most careful estimate we could make in June.

The number registered in each

Scouts And Guides 'Miracle Workers'

Canada's 256,000 Boy Scouts are raising \$750,000 to build a new national Scout headquarters in Ottawa; and Canada's 177,000 Girl Guides are planting 600,000 yellow tulips all across the country to celebrate their 50th anniversary next year. Tom Alderman reports in the current Liberty magazine.

These are the latest deeds of Canadian Scouts and Guides, who despite losses contribute \$5,000,000 to Canadian economy each year, and "work miracles".
Probably the most famous Canadian Scouts were Johnny Wayne and Frank Shuster, who first worked together as Boy Scouts to raise \$40 at a benefit show in Toronto, Liberty notes.

"Activities of Scouts and Guides range from donating blood and collecting pollen for hay fever tests, to planting trees and collecting Christmas toys for needy children."
-Continued On Back Page-

Hail Suppression Report . . .

Following is a report from the hail suppression company which is operating from a site west of Didsbury. The project covers portions of the Municipal Districts of Mountain View, Rocky View and Kneehill.

August 29th to September 4th has been a week of dry weather and a warning trend the latter part of this period has helped to speed up harvest operations.

September 3rd - 4th was the first weekend since mid July without a severe hail threat. This is an indication that the 6 to 7 day weather cycle that we have been experiencing has finally broken.

During the past week minor threat developed on the 30th and 31st of August and operations were carried out on those days. No reports of hail have been received.

Since hail suppression operations commenced on June 29th, 6.5 inches of precipitation has been recorded at the Didsbury Hail Suppression Office. No rainfall has been recorded since August 28th.

DID YOU KNOW . . .

that hail suppression operations in this area will cease for this year at least, on Friday, September 25th. That's what I heard when I was dodging around the hail suppression office one day this week. "That's official but that's what I heard. Don't quote me!"

Quality of Alberta-grown table potatoes is safeguarded through inspection and control services of the Alberta Department of Agriculture. Some 15 temporary inspectors from the Department's Pest Control Division are checking commercial growers' fields for signs of bacterial ring rot and other diseases. Left photo, a government inspector visually checks field of one of Alberta's 380 licensed commercial growers. Tubers from plants apparently diseased with bacterial ring rot are submitted for positive analysis in the Federal plant pathology laboratory at the University of Alberta, right photo.

Bacterial ring rot infestation may be as low as only one or two tubers in entire fields of 15 to 200 acres. Marking of crops where even such slight infestation is spotted must be carried out well in advance of the spring planting season. This is designed to prevent inadvertent use for seed purposes. Between crops, growers' storage premises and field machinery may be disinfected by government workers at cost to the farmer of only materials and use of equipment.

Incidents of all general potato diseases has dropped by seven percent since 1956, while the degree of infestation has been reduced to trace amounts.
Commercial potato growing areas in the vicinity of Edmonton, Calgary and Drumheller, and all the southern irrigation districts, are specified pest areas where inspections are mandatory. Growers in these zones hold some 10,500 acres of Alberta's 1959 total of 12,500 commercial potato acreage. Production is expected to be approximately 3,500 carloads or 1,400,000

hundred weight. Alberta's net consumption is estimated at 75 percent of production. While acreage has remained fairly constant from 1950 to 1959 the number of growers has dropped steadily.

Growers of seed potatoes come under Government of Canada inspection. If bacterial ring rot is found in a seed crop, the affected grower reverts to commercial status and comes under provincial regulations.

Why Do Good People Suffer

Dr. Robert W. Youngs
Minister, First Presbyterian Church, Wichita, Kan.

We are ever baffled by the injustice of the moral world. "Why" is the most timeless and universal of all questions, as old as the latest newscast. We can see a reason for careworn, dying young, but why the untimely death of saints? We can justify a gangster being stricken with disease, but why little children? We can accept adversity in the life of an infidel, but why in the life of the faithful? The Bible gives us answers to these questions.

For one thing, the Bible reminds us that good people sometimes suffer because God through nature can be no respecter of persons. "He maketh His sun to rise on the evil and on the good, and sendeth rain on the just and on the unjust." This is a world of law and order, where all people are subject to cause and effect regardless of their virtue or lack of it. Good people are just as susceptible as bad people when they are exposed to contagious diseases. They strike the ground just as forcibly as wicked people when they slip and fall. The world would be an unscientific and unpredictable place in which to live if it were not this way.

For the sake of an orderly world, good people have to live under the same conditions as wicked people, except that good people have a faith and fortitude which make them masters of fate and of adversity.

Then, too, the Bible sometimes suffers because they do not temper goodness with other necessary qualities in life.

In his parable of the dishonest steward, Jesus was suggesting to his followers that they might suffer less if they had foresight as well as faith, realism as well as idealism, and industriousness as well as spirituality. We can be good as gold, yet suffer poverty if we do not work and save. Very often, good people suffer because they have no prudence to go with their prayers.

Furthermore, the Scriptures reveal repeatedly that good people suffer because suffering is one of the best ways that God has of bringing out the best in life. Consider how the Apostle Paul, suffering the infirmities of his flesh, found that when he was weak, then he was strong. Such godlike qualities as love, patience and compassion are called forth in us by suffering. Without suffering, life would be mechanistic and animal-like, not godlike. A life that knows at least a little suffering never grows complacent.

And, most important of all, suffering is God's way of improving the world. If no one but wicked people suffered, we would harden our hearts and say, "Thus do we it," but when saints suffer, we cry, "This must not be." Nothing moves us more to contribute generously to the cure of cancer than what the slightest steps of man's progress have exacted. Every heartbreak, sorrow, and suffering has ever been a prime factor in motivating his rise. It takes Edith Cavell before a firing squad, Joan of Arc at the stake, crippled with arthritis, confined with tuberculosis, paralyzed with palsy, before we really attack these enemies of life with our money, our brains and our blood.

With consummate understanding and skill, Cyrus Barot wrote of suffering, "What pains and tears the slightest steps of man's progress have exacted. Every heartbreak, sorrow, and suffering has ever been a prime factor in motivating his rise. It takes Edith Cavell before a firing squad, Joan of Arc at the stake, crippled with arthritis, confined with tuberculosis, paralyzed with palsy, before we really attack these enemies of life with our money, our brains and our blood."

**MUNICIPAL DISTRICT OF
MOUNTAIN VIEW No. 49.
ZONING AND BUILDING BY-LAW**

TAKE NOTICE that the Muni-
cipal District of Mountain View
No. 49, has passed a Zoning and
Building By-Law in accordance
with the provision of the Town and
Rural Planning Act, R.S.A. 1955,
and amendments thereto.
The purpose of the By-Law is to
divide the Municipal District of
Mountain View No. 49, into dis-
tricts, and prescribing as to each of
such districts the purpose for which
buildings and land therein may be
utilized, and prohibiting and/or
regulating the use of such buildings
and land for any purposes, and
regulating, prescribing controlling
controlling and prohibiting such
other things which are specified in
Section 80 of the Town and Rural
Planning Act, R.S.A. 1955, and
amendments thereto.

In accordance with the Building
portion of the By-Law, a Building
Permit shall be required for all
structures and portions thereof
erected, placed, altered or moved in
the District established in the By-
Law, except in the following cases:
1. Where the cost of materials
does not exceed \$100 and which
does not affect the external ap-
pearance of the structure, or
2. Where the site is greater than
20 acres in area, and registered in
the Land Titles Office, and is used
or to be used for farming purposes.
A copy of the By-Law and the
Zoning Map may be seen at the
Office of the Secretary-Treasurer,
M. D. of Mountain View No. 49,
Didsbury Alberta, and is available
for inspection during regular office
hours.

J. Riddoch,
Secretary-Treasurer,
M. D. of Mountain View
No. 49,
Didsbury, Alberta. 1tc

Time Out For Convention . . .

Next weekend your editor, and his boss (she cooks for us too) will attend the annual gathering of weekly newspaper editors in the shadows of the mountains that surround Banff, one of Canada's most picturesque spots at any time of the year. We hope to pick up a few pointers from our counterparts and pass on a few of our own. Along this line we would like to remind our readers, as we have before — there is no iron curtain around our office — if you have a beef or suggestion to better your fireside companion we'd appreciate hearing it here, not there.

Just Nosing Around . . .

Saturday afternoon we stopped by the C.P.R. lot and witnessed one of the better games of football we've seen during the current season. There wasn't enough young lads on hand to make up two full teams but we did see some potential high calibre players chasing the oval. Would it not be a good idea for a service club to take over, get the boys equipped properly, have someone on hand to do a little coaching, then form a league, along the lines of the "Little Leaguers". Some of the players we had a look at Saturday could be "Big Leaguers," with the proper coaching and the proper equipment.

So True! . . . So True! . . .

A man explained carefully to his wife: "No dear, I didn't say you talked too much — I merely said you didn't listen enough."

Guest Editorial

TELEVISION NO PROBLEM . . .

"Blaming the recent decline in attendance of sporting events, concerts and public amusements, on television is erroneous and insulting to the Canadian public."

Television has yet the produce an evening of entertainment that can even closely rival a movie, a baseball game or an amateur concert. The decline in attendance at amusement events throughout Canada are just another indication of the changing times.

People today have more interest than at any other time in the history of the country. These many new events merely mean that attendance is being spread into more places.

The automobile, the desire for family picnics, the barbecue in the back yards, more lawn bowling and a host of other attractions are responsible for reducing attendance at public places.

The trend to family outings, to indulgence in one or more sports and to a greater number of entertainments in the home, we feel, is a healthy sign.

If an accurate count was made, we feel that attendance at shows has even shown a substantial gain in the past few years.

No television, unless there is a vast improvement in the programs being aired, is ever the direct cause of a decline in attendance at public functions.

—The Innisfail Province

GRASSING ROADSIDES: Quite a number of new roads have been built during the summer months. Many of these roads have back-sloped banks. It is our policy to grass down these newly graded roadsides as soon as the ditch banks have been leveled and made smooth. It is the responsibility of yourselves along your land to see that this leveling job is done, after which we will seed the grass and then we would like you to narrow the seed into the ground.

Grass can be seeded during the early part of the summer but where that is not possible we will seed late in the fall after there is no more likelihood of the seed germinating. Grass has to be seeded early enough so that the plants can establish themselves before freezing up, otherwise it must not be seeded until after there is no more chance that the seeds will sprout.

We find that late fall seeding has several advantages. Usually the ground is dry enough so that it can be worked. We have more spare time also at that time of year to do the actual seeding. Finally, the seeds will sprout early in the spring and make plenty of growth during the first year.

Well grassed roadsides help to keep weeds down, prevent water erosion, provide hay or pasture and generally help to beautify the country. We have the seed on hand. If you want your roadsides grassed, contact me for particulars.

CHRISTIAN SCIENCE

The unlimited availability of divine supply will be brought out at Christian Science services Sunday. Scriptural readings in the Lesson-Sermon entitled "Substance" includes the account in Kings (4) of Elisha's feeding of a hundred men with twenty loaves.

Correlative selections to be read from Science and Health with key to the Scriptures, by Mary Baker Eddy include (494:10): "Divine Love always has met and always will meet every human need. It is not well to imagine that Jesus demonstrated the divine power to heal only a select number or for a limited period of time, since to all mankind and in every hour, divine Love supplies all good."

The Golden Text is from James (1:17): "Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning."

Harmattan News

(From Our Own Correspondent)

(Intended For Last Week)
Norman Conrad has been staying in Innisfail where he has been pitching in a baseball tournament.

Mrs. Crawshaw has returned home after a holiday at Sylvan Lake.

The Harmattan Hall Club met at the home of Mrs. Dave Morgan on Wednesday, August 26th with most members present. Minutes were read and it was decided to buy more cups for the hall. It was also decided to see how work progressed before deciding whether to have the next meeting in September. Door prize was won by Mrs. Wiper.

Mr. and Mrs. David Turnbull Sr. of Calgary were visitors at the homes of Bill and Bob Turnbull last week.

Mrs. Donnie Dodd went to Edmonton last week where she visited with Mr. and Mrs. Kendall and then went on to Grande Prairie. Susan and Tony Workman, who have been visiting with their grandparents in Edmonton returned with her.

Visitors at the home of Mr. and Mrs. Dave Morgan were Mr. and Mrs. Dale, Judy and Robert, all of California, enroute to Wisconsin where they will reside.

Archie Stockburger has been home for several days helping out at his folks. Mr. and Mrs. Charlie Stockburger.

FLY-BY-NIGHT ROOFERS WORKING IN DISTRICT

Unscrupulous travelling gangs of roof repairmen are soliciting work in this district, the Edmonton Better Business Bureau has reported.

The B.B.B. reports that the workmen first obtain an order to repair an asphalt roof, offering guarantees of 7 to 10 years. They then apply the roof with a combination of road oil and aluminum powder. The B.B.B. says, "The job may look good when freshly done."

But frequently, says the Bureau, the oil will damage the asphalt material in the original roof. When dry, the aluminum powder often will blow away. When the building's owner tries to have the guarantee made good, the firm cannot be located.

The B.B.B. suggests, "select a reputable firm with a name for satisfactory work, and obtain a competitive price. Ask for names of satisfied customers and check with them. Above all, never deal with unknown roofers."

HANG ON TO YOUR SAVINGS
with the Royal Bank 2 Account Plan

Here's one good way to keep a firm grip on your savings . . . adopt the Royal Bank's "2-Account Plan". It works this way. You open a Personal Chequing Account for paying personal and household bills; keep your Savings Account strictly for saving. Having two accounts helps you avoid dipping into your savings . . . gives them a chance to grow with regular deposits and the interest they earn. It's sensible, businesslike and you'll find it works. Try it. **THE ROYAL BANK OF CANADA**

THE
Homemaker

By KATHLEEN CARNEY

DEAR HOMEMAKERS,

This week I will deal with three questions that often come up in the home today. I hope the answers given will help to clear up some of the problems encountered.

QUESTION NO. 1: How can I best wash Terylene or Dacron fiber-filled pillows?
ANSWER: Manufacturers of these synthetic fibers do not recommend washing these pillows in an automatic washing machine because the batt could be torn or caused to compress if subjected to such agitation. When a pillow is wet it contains many pounds of water for each pound of fiberfill. If it is tumbled in a washing machine or drier, the weight of the water tends to tear apart the relatively delicate fiber arrangement in the batt.

Gentle hand washing is advised by manufacturers of these fibers. Press warm soap or detergent suds through the pillow as it lies flat in a tub. The use of a non-sudsing detergent facilitates rinsing. The ticking can be cleaned by scrubbing with a brush. Severe twisting of the pillow should be avoided. Rinse it the same way as washing. The pillow should be laid out flat to dry and only when it is partially dry should it be hung up to complete drying and fluffing.

QUESTION NO. 2: How can I remove ballpoint ink stain?
ANSWER: Inks used in ballpoint pens are different than other inks. Water will remove some ballpoint inks, but will spread others. First remove as much ink as you can with acetone (nail polish remover). Do not use acetone on Acetate, Arnel, or Dynel; instead use amyl acetate (banana oil). Bleach if the stain persists.

Other authorities recommend trying synthetic shampoo. Rub it in and allow to stand fifteen minutes before rinsing. Repeat a number of times if necessary. If the stain persists rub with vaseline or sodium hydroxide.

QUESTION NO. 3: I have some foam rubber pillows which need a thorough washing. What is the best way to laundry them?

ANSWER: Here are a few easy steps to follow in washing foam rubber items:

- (a) Remove the cotton covers.
- (b) Immerse the pillows in lukewarm suds made with mild soap.
- (c) Squeeze several times to force the suds through the tiny cells of the foam rubber.
- (d) Rinse three separate times in lukewarm water.
- (e) Put the pillows between two large size bath towels and roll them to remove excess moisture.
- (f) Allow to dry at ordinary room temperature.

Incidentally, foam latex should never be exposed to direct rays of the sun or excessive heat.

NOTES FROM

The
District
Agriculturist
HOWARD
FULCHER

The farmstead is the show window of the farm family's home. It is the area of heavy capitalization and the place where much time is spent in doing daily chores. Planning it therefore becomes an important part of any farm program.

Planning, when wisely done, constitutes the arrangement of farm buildings, drives, fences, walks, farm entrance and the planting of shelterbelts. When landscaping is developed this way, it promotes more efficiency and enjoyment for family living.

A plan for the farmstead will include a drawing to scale, showing the present location of buildings, trees, drives, walks and other details. This gives a starting point for making improvements on farmsteads that are already located, and a drawing such as should by all means be made when a new farmstead is located.

In most instances planning becomes a long-time project. The drawing should call attention to the present location of buildings and objects and the possibility of changing location for drives, fences, and buildings that might be replaced from time to time. The location of permanent trees presents a detailed study requiring information in connection with the kinds of trees to plant, their adaptability to the location, and the effect they will produce when fully grown.

By planning first it will be possible to avoid many mistakes often made without a plan. A good plan will involve the possibility of expansion, will provide simplicity, and above all, will develop attractiveness for the farmstead.

GEMS OF THOUGHT

"When the destination is desirable, expectation speeds up progress."

"Uncertainty and expectation are the joys of life."

DISTRICT NEWS**M.V.B.C. NEWS**

(From Our Own Correspondent)

The president and his family have moved into their new home. Some friends came to help them on the day they moved the heavy furniture, and already their house looks comfortable and homey. Miss Dorothy Thompson of the Nazareth College, Red Deer, was a week-end guest. On Saturday afternoon a number of the college ladies and Miss Helen Swalm helped celebrate Mrs. Taylor's birthday. In the evening they entertained Rev. and Mrs. Alvin Traub and Miss Velma Traub at a joint birthday dinner, as the latter was celebrating her birthday at the same time. Mr. and Mrs. Laverne Traub are happy in their new home, especially since the arrival of little Cameron. They are now living in the Grace Hunsperger home near the college.

President Taylor was called on Sunday to take the services in Cremona in the absence of the pastor. Rev. Neufeld took ill quite suddenly and brought in for surgery Saturday night. Misses Ann Snyder and Doreen Rossing accompanied him to the church and provided special singing for the services.

More fruit has arrived from friends in Winfield. These church people are surely good to us for they send quite a number of cases each year. Mrs. Arthur Eby is kept quite busy taking care of the fruit, and also has the ladies of the church help her in making pickles etc. for the winter months.

Mr. and Mrs. LaVerne Neufeld arrived on campus on Saturday. They have been working in a mission on Vancouver Island during the summer. This has been a real challenge to them, and gave them much experience in work with children and young people. They are taking up their pastoral duties on the May City church appointment under the conference and will be moving into a new parsonage there as soon as it is completed. At present they commute from here to the appointment each Sunday.

Winona Lake School of Theology sent up quite a large number of books for the college library with Mr. Taylor when he returned. These books are being catalogued and if possible duplicate books that we may have will be sent to their college exchange.

Miss Grace Eby and Miss Caroline Snyder are taking supplementary work on their high school diploma at the Composite High in Red Deer this term.

Within a month college will be in session. Young people are coming from far and near and we are hoping to have all the rooms filled.

WESTCOTT SENIOR W.I. HEAR CONFERENCE REPORT
"Health" was the topic taken by Mrs. Shields at the meeting of the Westcott W.I. held Thursday of last week at the home of Mrs. Ed Klinek. The paper dealt with keeping our medicine chests up to date.

The report of the recent conference was given by Mrs. Goetjen. The five-minute talk was on electronic ovens. Mrs. Ed Klinek had the "bit of fun" and community singing was also enjoyed.

The next meeting will be held at the home of Mrs. H. Goetjen.

SEE WHAT'S COMING
An auto periscope that banishes blind spots in the rear of your car will be on the market shortly. You look into a mirror in the conventional position, which picks up the rear view through a series of lenses in the roof of the car.

Passengers or packages on the rear seat shall not obscure your view.

One problem: You'll have to install it yourself; no car maker has picked up the device yet.

WESTERDALE NEWS

(From Our Own Correspondent)

Mr. and Mrs. W. Herbert motored to Calgary early Saturday morning, to take Mrs. Lila Freston to the airport to board a plane for her return trip home to England. She has spent the last six weeks visiting here.

Harvesting operations came to an abrupt halt early Tuesday, when rain and snow fell during the mid-morning.

RUGBY W.I. HEAR CONFERENCE REPORT

On September 3rd, eleven members of Rugby W.I. and four visitors met at the home of Mrs. A. G. Smith. It was decided to apply for the leather basic course offered by the Arts and Crafts Cultural Activities of the Dept. of Economic Affairs. Mrs. Alec Hogg read the child's pattern of behavior from six to eight years.

Remnants donated by Eaton's and Simpson Sears are to be made into articles and auctioned in November.

Roll call was a fine display of flowers and vegetables for the fall fair. These were judged by Mrs. Lionel Bird and Mrs. Wilfred Bannan. Mrs. Percy Hoesgood gave a full report of the Constituency Conference. The following members were chosen for the standing committee: Handicraft, Mrs. Roy McNaughton; Agriculture and Canadian Industries, Mrs. Alex Blain; United Nations, Mrs. A. L. Hogg; Education, Mrs. Doug Hoesgood; Social Service, Mrs. Dan Stewart; Health, Mrs. A. G. Smith; Citizenship, Mrs. Percy Hoesgood; Home Economics, Mrs. Roy Block.

The tea draw was won by Mrs. Leslie Evans.

BY THE TAIL ... IS THE FORECAST

If truth were known, there are probably a lot of high officials in Ottawa who wish Canada could follow the example of Buenos Aires and get out of the wheat business. After 15 years of state monopoly in wheat, Argentina has decided to call it quits. It is re-opening the futures market and turning grain marketing over to the private trade.

Eventually Canada and the United States are going to have to make similar moves and put the grain business on the same footing as our other major producing enterprises — manufacturing, pulp and paper, lumbering and mining. In the meantime, however, Ottawa and Washington have a tiger by the tail, and it's going to get bigger and more rambunctious before it weakens.

CLASSIFIED**FOURTH ANNUAL TWILIGHT DAIRY SALE**

Will be held at the OLDS AUCTION MART LTD. on FRIDAY, SEPTEMBER 25th, 1959. Sale to start at 7 o'clock in the evening.

Selling 75 head of cows and heifers, mostly Holstein breeding, bangs and T.B. free. If you are interested in selling any cows or heifers, this is the sale you should bring them to, as the last three sales held in September have been very successful.

It will be to your advantage that you have your cows banded tested prior to the sale.

Get your entries in early.

ATTENTION CATTLEMEN

There will be a spray demonstration using the new systemic insecticide Co-Ral. This new insecticide, when sprayed in the fall of the year will control warble grubs and lice before the damage is done to the cattle.

A demonstration will be conducted jointly by the Department of Agriculture and Oliver Chemical Company on the farm of Warren Smith, Olds, on Wednesday, September 23rd, 1959, at 2 p.m.

We feel certain that attending this demonstration will be of benefit to cattlemen in their operations.

Little Items of Local Interest

Mr. and Mrs. D. Kimmel, Mr. and Mrs. E. T. Wiggins, and Mr. and Mrs. H. Lynch-Staunton, spent the weekend in the shadows of the Rocky Mountains in the southern part of the province.

Miss Maureen Prevost visited friends in town enroute to Ft. St. John, B.C., to spend a vacation with her parents, Mr. and Mrs. Bert Prevost, formerly of Didsbury. Maureen has recently graduated as a nurse's aide.

Miss Violet Watkins, Miss Diana Beveridge and Miss Verna Pauline, all of Edmonton, visited last weekend with Mr. and Mrs. Ed Watkins.

Mr. Arden Doadrick is a patient in the Col. Becher hospital, Calgary, and would enjoy having any of his old friends pay him a visit.

Dr. and Mrs. Tasker of Edmonton were recent visitors with the latter's parents, Mr. and Mrs. S. Devine.

Mr. and Mrs. B. Bubank and John motored to Edmonton for the Labor Day holiday.

Miss Karlene Alden, who is in training for a nurse, is now in residence at Regina College.

Mr. Eddie Ford left Monday for Calgary, where he will attend Mt. Royal College.

Last week a number of young people held a water roast in honor of Miss Connie Falk. A presentation was made to Connie, who left Friday for Quebec, where she has joined the women's division of the R.C.A.P.

Visitors at the home of Mr. and Mrs. G. Mullen on Labor Day were Mr. and Mrs. Don Mullen and boys of Calgary and Mr. and Mrs. Frank Ausmus and family of Red Deer.

Mr. and Mrs. R. E. McMullen and family of Elkton, enjoyed a visit from Mr. and Mrs. Walter Chime and family of Edmonton. They were accompanied by Miss T. Borendse (Mrs. Chime's sister) also of Edmonton, who holds a position there. They returned home by Banff and Jasper parkland.

 CLASSIFIED AD !!!

SCOUTS — GUIDES
 (Continued From Front Page)

Alderman writes. The toy idea started 35 years ago in Calgary, and has since spread to all parts of the world.

Good deed for the day of a Scout troop recently, was to finish digging the basement under the wartime home of a widowed mother. The widow had been digging the basement by hand. The Scouts completed the job in one day.

Heroic escapades have won gallantry awards for 2,700 Canadian Boy Scouts since they were founded 52 years ago. In New Brunswick, an RCMP sergeant took time to show a Cub pack the fundamentals of water rescue. Two weeks later, three of the Cubs saved the sergeant's own daughter from drowning.

Last year a local Scout, David Turner, of Didsbury, saved a young boy's life at the Red Lodge Park. During the Winnipeg flood and Hurricane Hazel in Ontario, Scouts and Guides plugged dikes, rescued people, searched for bodies, cleared debris, and collected food and clothing. One Toronto policeman said, "Those kids did everything except stop the rain." But, four Canadian Scouts started the biggest downpour in 72 years at a scout jamboree in Melbourne, Australia, recently. The boys were practicing their Indian rain-making dance when the sky clouded up. It rained for five days.
